

I am very concerned about an FCC proposal to expand LPFM stations to take priority over current FM translator service. I am a daily listener and ongoing supporter of K-LOVE radio (88.9 in my area), and I have been a listener/supporter for many years. As a resident of central Oklahoma, I am served on a daily basis by the news, encouragement and entertainment this station offers. I know I speak for thousands of central Oklahomans when I say that, if displaced by an LPFM broadcaster providing other programming, our local community would suffer. The service provided by K-LOVE is in the public interest because it offers the ONLY commercial-free music, teaching, and entertainment for Christian listeners in central Oklahoma. Additionally, the news broadcasted on K-LOVE provides local, national and international coverage relevant to those of us with a Christian worldview. The only other Christian station I can think of is so full of political agendas that it clouds the Message (not to mention that the other station can only be received about 25% of the time in my area and K-LOVE is always available and crystal clear).

Please understand that for every one person that takes the time to write, there are countless others who share the same view.

Sincerely,

Kelly McBride
